

Reach Goals While Exceeding Expectations

NOW IS THE TIME FOR ALTERNATIVE THINKING ABOUT PRINTING.

WHY HP?

HP is recognized as the global leader in imaging and printing solutions for higher education institutions and K-12 schools. We offer technical expertise, and reliable products and solution sets that allow customers to benefit from:

- Consulting services, including procurement, installation, management and support that can be customized to improve your institutional effectiveness
- Relationships with industry leading solution providers
- Powerful solutions to optimize your environment, enhance teaching and learning, and help the planet

HP THREE-PART APPROACH

OPTIMIZE INFRASTRUCTURE

HP can help you achieve a balance between your total cost of printing and your needs for user convenience and productivity.

MANAGE ENVIRONMENT

Working together, HP can help you maintain your optimized infrastructure while improving business efficiency and tightening security.

IMPROVE WORKFLOW

By streamlining your document-intensive processes, HP can help you deliver a more efficient environment for capturing, managing and sharing information.

WHAT IF YOU COULD ...

- Receive test results in seconds instead of days?
- Decrease costs associated with pre-printed bubble sheet forms and dedicated scan devices by using plain paper and multifunction devices?
- Support federal and state accountability mandates?

The HP Assessment and Grading Solution for Education allows K-12 teachers and administrators to prepare and print bubble-sheet test material on demand. Teachers can print on plain paper, scan and automatically score tests, plus create reports and analyze student performance data — all from a single HP multifunction printer (MFP) interface.

WHAT IF YOU COULD ...

- Focus more on teaching and learning with a secure, cost effective imaging and printing infrastructure?
- Transform the learning experience with virtual environments that provide mobile access?
- Enhance student, faculty and administrative processes by providing immediate access to critical information?

Discover new ways to manage costs, improve processes, facilitate learning and support mission-critical processes. The HP Campus Advantage suite of solutions helps institutions of higher learning meet the imaging and printing needs of students, faculty and administration alike.

HOW DO YOU GET STARTED?

Contact your local HP representative to:

- Set up a workshop with HP to assess your short-, mid- and long-term business objectives and document management needs.
- Establish a plan to implement the best solution for today and into the future.
- Identify an environmental approach that can help your institution reduce operating costs.
